Thank You!

Friends in Christ,

You are so very kind to remember me in so many nice ways during my ordeal with shingles.

As I enter my tenth week of suffering, if you have not had the shingle shot I would strongly encourage you to consider taking it.

Love & Blessings

SOCIETY OF ST. ANDREW

I've Read that hunger has declined since the end of February. That is not what SOSA has been witnessing day-to-day. Food need is still for above pre-pandemic level. That's the bad news.

The good news is generous farmers across the country are opening their fields and offering excess an unmarketable fruits and vegetables to meet hunger needs. There is plenty of good food available. We just have to get it out of the fields and on the tables of hungry neighbors.

Your gift right now, at the beginning of summer will go to work as harvest season kicks into high gear.

There will be a container in the Narthex for you to place your loose change each week after the traditional service. I need someone from the Thrive service to collect change after that service. If you are will to help with collection of change after the service please contact me.

We have not collected change for the past year and the need is great. If you are live streaming just send a check to the church office.
